## SCHOOL BOND ISSUE IS INDORSED BY LOCAL LEGION

Unanimous Support Given for Project; Chas. B. Guthrie Tells of Auto Trip

By a unanimous decision, the members of the Glendale Post of the American Legion last night voted to indorse the coming Glendale school district bond election of \$260,000, which is scheduled to take place on Tuesday, October 11. Although one of the principal contentions of the ex-service men's organization is that of not entering politics, last night's action was taken in view of the fact that the bond election involves a civic betterment.

A communication from Richardson D. White, superintendent of the district and also a member of the local American Legion Post, was read, telling of the almost unbelievable growth in the enrollment of pupils during the last two years and also giving a complete report of the absolute needs of the district and of each of the proposed improvements embodied in the issue.

### Tells of Auto Trip

Following the brief business session, Charles B. Guthrie of this city, who has been called the "Modern Gypsy" since his recent automobile tour through the Pacific northwest, gave a lengthy and interesting report of his trip, which lasted for seven weeks and took him over 2,600 miles in the United States and Canada. Mr. Guthrie's principal theme throughout the talk was "See America First," his substantiation of the well-known slogan being more thoroughly impressed upon the minds of his listeners as he repeatedly told of the many scenic wonders along the western border of America that are "incomparable with those of any part of the globe."

A few of the scenic wonderlands which were ably described by Mr. Guthrie were the famous redwood belt in northern California, Mt. Hood, Mr. Ranier, Mt. Shasta, Yellowstone park, Crater lake, Zion National park, the great forests of the northwest and numerous other points of interest that were visited en route. Of the hundreds of tour-

## W. B. Kelly, You're About to Become a C. of C. Member!

W. B. Kelly, member of the realty firm of Kelly & Van Arsdale, claims quite a distinction in the Chamber of Commerce. He agreed to join this booster body if Assistant Secretary E. F. Sanders would accept his application as the one-thousandth member. This was agreed upon and the Chamber gets Mr. Kelly's \$25 when the membership total reaches 1000. It is expected that the bill will be settled by the middle of the month.

## Dorothy Hamilton Is Dinner Hostess for Verne Wilson

Miss Dorothy Hamilton of 350 West Ivy street entertained at dinner last night in celebration of the birthday anniversary of Verne Wilson of Pasadena. The other guests were Miss Laveria Kitterman and Roy Cunningham. A color scheme of yellow and white was carried out in the floral decorations and in the hand-painted place cards. One of the features of the dinner was a very large birthday cake.

## Meeting Is Postponed as Result of Rain

On account of the inclemency of the weather last night, the meeting of the Glendale Avenue Improvement association, which was to be held in the council chamber of the city hall, was postponed. The time and place of holding the next meeting will be announced later by Harry C. Levey, chairman of the association, 811 South Glendale avenue.

## ROBERT BLACKBURN VISITS

Robert Blackburn, formerly of this city, but who has been living in Los Angeles for the past two years, was in Glendale Friday visiting with friends and relatives. Mr. Blackburn, who is an employee of the Southern California Gas company at the Los Angeles office, has been forced to take several days from his work due to a broken arm, which he received in an argument with his "flivver."

## COMMENT THAT'S ALL

How Cleveland Won Out  
Fair Weather Spoils Us  
One Great Big Family  
Independent Postoffice

By Gil A. Cowan

HOW Cleveland, Ohio, gained industries in the early days was revealed by City Manager William H. Reeves in his talk at the Chamber of Commerce dinner last night. The formula was passed to him by a pioneer manufacturer of that city who made millions.

A syndicate was formed which bought up a big tract of land and subdivided it advantageously for factory sites and residential sections. Through advertising, industries were induced to locate there, the land being free provided a guaranteed number of people were employed. Then the lots for houses were sold to the workers with the result that the original investment returned plus a reasonable rate of interest.

The far-sighted business men who "put over" this idea profited through the increased trade stimulated in their home town and Cleveland stands today an industrial center of consequence. Other cities not so many miles from Glendale have done likewise to their advantage, according to Mr. Reeves.

Well, well, it is wet. Seems like southern California has most generous weather conditions. When it is hot—that's what it is. Your collars melt, the pavements scorch your feet and otherwise life is quite uncomfortable for a day or two. Then when it rains (it never snows), the gutters are filled with water; little ones get their feet wet; the family car skids into a curb and the wet weather makes many feel miserable, for a day or two.

For our eastern friends it might be explained Californians are so used to fair weather in this southland of ours that the seasonal rains and the few warm days are accepted as necessary evils.

When Mayor Spencer Robinson has eaten his fill of chicken pie, you are sure to enjoy yourself in his company. He demonstrated this to be true last night at the Chamber of Commerce dinner so delightfully served by the good ladies of the First Methodist church.

First, the mayor led the assemblage in the singing of "America." Then he sang, accompanied by his good wife. Then both of them sang, accompanied by Professor Brahm van den Berg. Then the latter played. And when Mr. van den Berg plays—oh, it is wonderful. But the really gracious part of the whole affair is the way in which these artists respond to their neighbors' appreciation. It makes one feel that this community is a great big family, each of us proud of the other's achievements.

Glendale's opportunity to "show up" conditions existing as the result of Los Angeles' branch postoffice service here will be afforded by Postmaster General Will H. Hays' visit to southern California in the near future.

A subscriber suggests that the Glendale Chamber of Commerce invite this official to go with the secretary for about two minutes' time and gaze into the "spacious" lobby of the office here when a dozen or more are waiting in line to purchase stamps. Let him see the great array of lock boxes—enough for a village at least—and have him try to rent one instead of having to wait for the overloaded carriers to deliver his mail.

After that brief proof of the inadequacy and inefficiency (not personal, at all), of the department, the postmaster general should be taken on a motor tour of the city and let him state why Glendale is not entitled to an independent postoffice. "Please don't allow your paper or the Chamber of Commerce to cease helping our needs in this matter before the public," says the subscriber.

Surely Glendale is not making any unreasonable demands for a city of 20,000!

Members of the official family at the city hall are studying oratory. This was exposed last night by the mayor during a speech before Chamber of Commerce members. Casually he asked about his enunciation.

"You know, the members of the City Council, Mr. Hill, the city engineer, and other heads of departments are engaged in practicing public speaking. We are going to have a contest in the near future. What chance do you think I have?"

A little later in the evening when he asked his hearers whether he should speak or sing, the chorus was unanimous, "Sing!" Now you can draw your own conclusion as to what chance the mayor has, especially if City Manager Reeves enters the contest.

## Today's World News In Brief

(By United Press to Glendale Evening News)

**LEGION TO OBSERVE ARMISTICE DAY WITH REVERENCE**  
INDIANAPOLIS, Oct. 1.—The American Legion will observe Armistice day with all fitting reverence, according to John G. Emery, national commander.

**HUNDRED THOUSAND NEW YORK FAMILIES ARE MOVING**  
NEW YORK, Oct. 1.—Moving day found 100,000 families here today changing their abode. This number is estimated to be only 40 per cent of the number that changed homes last moving day.

**TWENTY INJURED WHEN ELEVATED TRAINS COLLIDE**  
CHICAGO, Oct. 1.—Twenty persons were injured, five seriously, when elevated trains crashed on the Oak Park elevated here today. A speeding express train crashed into the rear of another train.

**CAMPAIGN AGAINST CHIROPRACTORS IS UNDER WAY**  
SAN FRANCISCO, Oct. 1.—The campaign of the state medical examiners against chiropractors was in full swing in San Francisco today. Eleven warrants charging chiropractors with practicing medicine without a license were sworn out.

**AGREE TO HOLLAND AND BELGIUM BEING REPRESENTED**  
WASHINGTON, Oct. 1.—All the powers invited to the Washington disarmament and far eastern conference have agreed that Holland and Belgium be represented in the conference when it takes up far eastern questions, it was learned today.

**SETS NEW WORLD'S SPEED RECORD IN AIRPLANE RACE**  
ETAMPS, Oct. 1.—Kirsch, a Frenchman, set a new world's speed record when he won the Deutsch cup in the airplane races here today. He traveled one hundred and eighty miles in one hour, four minutes and thirty-nine and one-fifth seconds.

**TWENTY-FIVE THOUSAND CHICAGO FAMILIES MOVING**  
CHICAGO, Oct. 1.—Twenty-five thousand Chicago families loaded their furniture on vans today and moved to new quarters. This is a decrease from the number who moved a year ago, in the opinion of J. R. Patterson, tenants' protective league secretary.

**URGES UNEMPLOYMENT PLAN BE PUT INTO EFFECT NOW**  
WASHINGTON, Oct. 1.—Secretary of Commerce Hoover in behalf of President Harding is preparing an appeal to the country to put into effect at once the emergency recommendations of the national unemployment conference. The appeal probably will be addressed to governors, mayors, manufacturers and labor leaders.

**JAPAN IS PREPARING TO GREET MAJOR GENERAL WOOD**  
TOKIO, Oct. 1.—Elaborate preparations for the official entertainment of Major General Leonard Wood who arrives here today were made by the imperial government. Among the functions to be staged in honor of the American representative may possibly be an imperial banquet, seldom accorded visiting foreign dignitaries.

**STRIKE VOTE OF PACKER EMPLOYEES WILL BE TAKEN**  
CHICAGO, Oct. 1.—A strike vote of the union packer employees of the country will be taken next Saturday, it was learned by the United Press today. The vote will be on the question of whether the men favor leaving their jobs, in the event the union is unable to obtain recognition from the employers. No question of wages is involved.

**THREATENING FOREST FIRES ARE NOW UNDER CONTROL**  
DENVER, Colo., Oct. 1.—Forest fires which threatened to destroy thousands of acres of timber in the Colorado national forest have been brought under control, according to reports reaching here today from near Tolland, Colorado. The flames believed to have been started from a camp fire, were reported to have already swept over 2000 acres of timber.

**DEMONSTRATION FOR ARBUCKLE PLANNED IN ADVANCE**  
LOS ANGELES, Oct. 1.—Rumors ran through the Hollywood film colony today that the demonstration "Fatty" Arbuckle received upon his arrival yesterday was a staged affair, with hired "supes" doing the cheering. This gossip originated at the Hollywood hotel, where many film stars make their headquarters. It was hotly denied by friends of the comedian, who is out on \$5000 bail charged with causing the death of Virginia Rappe.

**SUPERIOR JUDGES MAY CONSIDER WOOLWINE INQUIRY**  
LOS ANGELES, Oct. 1.—Presiding Judge John W. Shenk was expected to issue a request today that all superior judges of Los Angeles county sit en banc in considering the request of the county grand jury for an investigation into the office of District Attorney Thomas Lee Woolwine. The grand jury requested that the investigation be made by the attorney general. The grand jury's action was taken following a report by the public offices committee urging that the limelight be turned upon Woolwine's office with its "carnival of extravagance, waste, inefficiency and corruption."

**STOCK MARKET CLOSING FIRM, WITH LEADERS WELL UP**  
NEW YORK, Oct. 1.—With the exception of Mexican oils, the stock list showed a firm tone at the opening of the New York stock exchange today. Mexican Petroleum was up 99 and Steel common gained 1/4 at 79 3/4. Independent steel rose 1/4 to 1/2, while Asphalt was fractionally higher. Lehigh Valley again led the railroad stocks and made a new high for the month at 57 3/8. Burns brothers was up 7/8 at 108. The market closed firm with United States Steel at 80 1/4, up 3/4; Baldwin at 44 1/4; Studebaker 74 1/4, up 1; Kelly-Springfield 43 3/8, up 1; American Sugar 60, up 1/4; Crucible 64, unchanged; Mexican Petroleum 100 1/4, up 3/4; U. S. Rubber 50 1/4, up 3/4; Southern Pacific 80, up 1/2.

## RAINSTORM BREAKS AFTER .65 INCH PRECIPITATION

Gutters Overflow, Phone Pole Washed Out, Passenger Train Is Marooned

With the rainstorm of the last twenty-four hours breaking, the Pacific coast tomorrow will radiate in sunshine, according to weather prognosticators. Yesterday afternoon and evening the downpour did hundreds of dollars worth of good, although it was a little early in the season.

Gutters overflowed in places and the street department had an unusual amount of work to do, but no damage was reported. At Verdugo road and California avenue a public utility line pole was undermined by water and fell into the street.

A Southern Pacific train was marooned between Niland and Yuma in the Imperial valley, according to telegraphic advice and in spots roads and tracks were washed out, but no consequential reports of floods have been received.

### Figures on September

H. E. Bartlett of 417 West Myrtle street, who keeps The Glendale Evening News posted on such subjects, gives the following record of rainfall during the month of September for the last twelve years:

## Federal Grand Jury to Hear of Alleged Dry Law Violations

Stating that the United States district attorney's office wished to lay evidence before the federal grand jury the first of next week indicating that officials in Glendale had "winked" at violations of the prohibition enforcement act, Assistant U. S. District Attorney Mark Herron this morning moved in Commissioner Stephen G. Long's court for a continuance of the cases against Guy Wells, Charles Powell, alias "Chick" Wilson, Ernest Thede and William L. Kyncey.

Futile efforts were put forth by the defendants counsel to have the bail reduced from \$2,000 each and as a result the quartet was remanded to the county jail until their hearing next Thursday at 10 a. m.

Had the hearing continued today, young Thede was scheduled to tell "everything he knows" about the alleged "booze ring" here and it is expected that he will be a star witness before the federal grand jury. Al-ready Wells, who was formerly a police officer here, has made statements incriminating others, it is said, and warrants are issued for the arrest of three more persons.

All convicted of a conspiracy such as is alleged, face penitentiary sentences. Impersonation of officers also is alleged by the arresting officers, but that is not stated in the complaint. It is expected that the whole story of a series of gay parties held here will be revealed at next Thursday's hearing.

## MRS. E. M'KEE IS HOSTESS

Mrs. E. S. McKee, president of the Colorado street Parent-Teacher association, was hostess yesterday afternoon at her home, 130 West Chestnut street, to the members of the executive board, which includes Mrs. A. E. Lewis, vice president; Mrs. William Cronkrite and Mrs. Brant; Miss Ida Waite, principal, and teachers of the school. There was a business meeting in regard to Parent-Teacher Association work and discussion of ways and means of supporting the school bond election, after which a two-course lunch was served by the hostess. Bouquets of pink and white roses were used as floral decorations throughout the house.

## ENTHUSIASTIC RECEPTION GIVEN TO NEW MEMBERS OF CHAMBER OF COMMERCE AT SESSION LAST NIGHT

Varied Program is Presented, Including Dinner and Speech-Making, Also Musical Numbers; Total of 1000 is Goal of Organization

IF EACH NEW MEMBER who was "received" into the Glendale Chamber of Commerce last night obtains another in the course of the next week or two, there is no question but what the organization will go into its new home in the Citizens' Building 1000 strong. That was the final point of a program following the chicken pie dinner served by women of the First Methodist church to new members, their sponsors, the board of directors, city council and officials.

The feature of the program was the piano selection by Brahm van den Berg which caused the audience to arise in an enthusiastic ovation. Other enjoyable musical numbers were provided by Mayor and Mrs. Spencer Robinson and Miss Pansy Sheldon.

"I certainly feel that a great honor has been bestowed upon me in being asked to preside at this meeting," declared Attorney G. H. King, toastmaster of the evening. "After a look at this assembly I feel that the real intelligence of Glendale is here. You have shown that you are intelligent by joining the Chamber of Commerce."

## Firm Foundation Needed, Asserts Secretary Rhoades

One hundred and thirty-five new friends were won immediately by Secretary James M. Rhoades as soon as he started to speak. "New members," said he, "please be seated. In the construction of a building it is absolutely necessary that a firm foundation be constructed in order that this building may stand to the eternity. The Chamber of Commerce is on the same basis. If you are going to construct an organization which is going to be useful to the community, it is just as necessary that you have the foundation of that organization built of concrete just as you would a material structure."

Attention was called at this by Mr. Rhoades to the addition of 401 new members to the Chamber of Commerce since the first day of last March. Then there were 371 full members and 171 reserve members in the organization, making 544 members altogether. There was a note of pride in his voice as he reiterated the announcement that 135 newcomers had been brought into the fold during the drive concluding last night.

"It is a pleasure to present these members," declared Mr. Rhoades to (Continued on Page 10)

## Congregational Social Evening Is Enjoyed

Members of the Congregational church, of which Rev. C. M. Calderwood is pastor, gathered together for a social evening last night to receive the thirty-five new members which have just been taken into the church. The social was in charge of H. W. Varick of the social service department. Each department of the church gave some number of the program, which included the following: Social service department, a farce called "Gossip"; choir, a surprise anthem; religious education department, demonstration for the opening of the Bible; ladies auxiliary, a sketch outlining the "Seven Ages of Women," which is also to be the theme for a bazaar to be given in the fall; readings by Rev. Calderwood; Italian solo by Charles Comfort; vocal duet by Mrs. Charles A. Parker and Mr. Comfort; refreshments and a general social good time.

## 'Hatless' Hayward on Duck Shooting Trip

E. P. ("Hatless") Hayward of the Edwards & Wilkey company, 139 North Brand boulevard, last night loaded down the car with raincoats, heavy artillery and plenty of ammunition, after which he set out, in the general direction of Huntington Beach, where he expects to spend a day in duck shooting. At the office today it was stated that Mr. Hayward had never shot a duck and much speculation is rife as to the amount of game he will bring back. The nimrod of today made promises before leaving, that he would get the limit.

## WILL VISIT AT BAKERSFIELD

Mr. and Mrs. W. N. Stamps and children of 436 West Colorado street will spend the week-end at Bakersfield, where they will visit Mr. and Mrs. Wilbur McFadden, formerly of Glendale.

## ISENTERAINED AT DINNER

Mrs. M. Morehouse and daughter, Miss Bernice Morehouse, of 1000 East Lomita avenue, motored to Pasadena Friday afternoon, where they were the dinner guests of friends.

## Horseshoe Players Convention Being Held In City Today

The condition of the weather made the horseshoe teams from Long Beach rather hesitant about starting out this morning, but on word received at 10 o'clock this forenoon, it is thought a few of the members will come and participate in the games to be played on the grounds just west of Barton brothers' garage on West Broadway. Secretary W. H. Nichols of the local club, received a call from Long Beach this forenoon stating that it was raining there and asking if the grounds would be in condition to play. He answered that the weather was clearing here and the grounds would be fine. So it is expected the Long Beach teams will arrive this afternoon for the games.

The delegates of the State Horseshoe Pitchers' association will meet this afternoon at 2 o'clock in the council chamber of the city hall for the election of officers for the ensuing year. Delegates are expected from Pasadena, Long Beach and Los Angeles.

## Sixth Annual Bible Conference Will Be Opened on Sunday

On Wednesday of next week the Sixth Annual Bible conference will open at the First Presbyterian church. The Sunday morning sermons will be pre-conference messages delivered by the pastor, Rev. W. E. Edmonds. On Wednesday afternoon Dr. Pratt of Pasadena will give the opening address of the conference proper. On Wednesday night there will be a "Fellowship Supper" to which all local pastors and their wives are invited guests. The evening address will be by Dr. Cortland Myers who speaks each evening, except Saturday, and twice on Sunday during the conference. Other speakers are Rev. George W. Davis, Mrs. Frances Neth, Dr. W. E. Blackstone and Dr. F. W. Farr.

## J. H. Wittmeyer Is Present at Dinner of Electrical Men

J. H. Wittmeyer of the Jewel Electric company, Broadway and Maryland avenue, attended the dinner in Los Angeles Thursday night given by the Electrical Contractors and Dealers' Association of Southern California. Robert Eltringham of the State Industrial Accident Commission gave an address on the California co-operative campaign, outlining plans for minimizing industrial casualties. Other electrical dealers from points nearby swelled the attendance of the Los Angeles tradesmen.

## Leaders Are Appointed for Y. M. C. A. Groups

The task of starting the Y. M. C. A. groups began after the summer camps and vacations and has been going ahead very rapidly during the past weeks. Groups under the leadership of W. T. Potter, S. H. Wilcox, W. G. Boyd, G. Edwin Murphy, Harry Marple and J. F. Gosser are already well under way. Dates in the early part of next week have been set for P. L. Hatch and Howard Butterfield to get their groups working. This will still leave several groups who will start as fast as leaders can be provided.

A camping trip was scheduled for Friday and Saturday at the "Red Triangle" cabin in San Gabriel canyon under the leadership of W. b. Kirk, but had to be postponed until next Friday on account of the rain. Another social activity for the coming week will be a dinner at the home of Neel McVeery of one of the Hi-Y groups. The boys have taken hold of the work with a great deal of enthusiasm and a lively time is predicted for the coming year.

with her daughter, Mrs. Frank  
George of 241 South Kenwood street.

Mr. and Mrs. H. S. Hooper, who  
have been away from Glendale since  
early 1920, decided recently that this  
city was the best place in which to  
live and they are again "at home."  
1407 East Colorado street. Mr.  
Hooper is a painting contractor and  
expects to enter the local field.

Letters from Mrs. G. W. Sanford  
of 692 Sycamore Canyon Road state  
that she arrived safely at her jour-  
ney's end and is thoroughly enjoying  
her visit in the east. Mrs. Sanford  
is one of the delegates from the W.  
R. C. to the national encampment of  
the G. A. R. at Indianapolis.

Payton Baer, son of Mr. and Mrs.  
P. A. Baer of 352 West Lexington  
Drive, entertained at a very jolly lit-  
tle party Friday afternoon, in ce-  
lebration of his tenth birthday. Games  
were played and there was a lovely  
birthday cake and ice-cream and  
candy, and the afternoon came to an  
end entirely too soon. The guests  
were Henry Molz, Robert Molz, Jack  
Baer, Hickey Jones and Gordon  
White.

Paso Robles are guests at the home  
of Mr. and Mrs. Henry Roeder of  
344 North Maryland avenue.

There will be a business meeting  
of the active members and officers  
of the Glendale Music club at the  
music room of the high school Mon-  
day night.

Mrs. Charles B. Guthrie of 314  
Patterson avenue and Mrs. W. D.  
Phillips were luncheon guests re-  
cently of Mrs. Leroy Robinson of Los  
Angeles.

W. H. Reeves, who was recently  
appointed city manager, has pur-  
chased a two story house at 500 East  
Maple street and will move his fam-  
ily here from Pasadena.

Chapter BA, P. E. O., will meet  
Friday, October 7, at the home of  
Mrs. R. M. Brown, 416 North Ken-  
wood street, for its first regular  
meeting of the winter season.

Mrs. T. H. Menk of 146 South  
Jackson street left yesterday morn-  
ing for Lemoore, California, where  
she will visit her sister, Mrs. Wil-  
liam Sipple, for about ten days.

Mrs. A. M. Williams of 208 South  
Orange street has just returned from  
a week's trip to El Centro, where she  
has been visiting her husband who  
has purchased a business in that city.

The first regular meeting of the  
winter season of the Madrigal club,  
of which Mrs. Charles A. Parker is  
director, will be held Wednesday  
morning at 10 o'clock in Odd Fel-  
lows' hall.

Rain interfered with the soccer  
game yesterday to have been played  
between the Intermediate and Cerri-  
tos schools at the southern play-  
ground. It will be played in the  
near future.

Mr. and Mrs. Van Arsdale Smith  
of 514 North Jackson street are en-  
joying a two weeks' vacation on the  
Wright ranch, about thirty miles  
from San Bernardino. They will re-  
turn a week from tomorrow.

Mr. and Mrs. A. P. McBoyle of 369  
West Milford street have as their  
house guests for several days Mr.  
and Mrs. A. L. Harchelrode and  
daughter of Downey, who have just  
returned from a trip to Idaho.

A social supper was given last  
night at the Casa Verdugo Method-  
ist church for the official board, un-  
der the direction of Mesdames G.  
Tyrrell, Madchen and Boetz. There  
were about forty members present.

Mr. and Mrs. Ernest Hutchings  
are rejoicing over the arrival of a  
baby daughter at the Glendale Hospi-  
tal and Sanitarium. The little one  
has been named Juanita May. Mr.  
Hutchings is with the Farnet Dye  
Works, 110 East Broadway, and in-  
tends to move here soon from 4325  
Teledo street, Los Angeles.

G. B. Singleton and daughter,  
Miss Mildred Singleton of 318 West  
Wilson avenue, Mr. and Mrs. C. R.  
Peterson of Glendale, and Mr. and  
Mrs. M. W. Peterson of Hollywood,  
Mr. and Mrs. John Thompson, Mr.  
and Mrs. Floyd Thompson of Los  
Angeles, enjoyed a picnic party at  
Bixby park, Long Beach, recently.

"I have never seen a city grow as  
fast as Glendale," remarked L. H.  
Harriman of Los Angeles, as he  
stood waiting for a car this morning.  
"This is the first time I have visited  
the city since the Elks' home was be-  
ing built, and the number of new  
business houses that have been  
erected since then is a great surprise  
to me. Glendale is surely growing  
faster than any city I have seen dur-  
ing the past two years."

A landscape gardener of some re-  
pute is James Dewar, a Highland  
Scot, who has won prizes for hedge  
trimming. He arrived in Glendale  
with his wife and young son, James  
Junior, recently and likes the vicin-  
ity so well that he is anxious to re-  
main permanently if he can obtain  
employment. He is stopping with  
two sons, Matthew B. Dewar and  
John B. Dewar, who live at 361 Oak  
street. Mr. Dewar came here from  
Detroit and has been in this country  
eleven years.

Mr. and Mrs. A. B. Clement of  
1321 North Pacific avenue have had  
as their guests for several days Mr.  
and Mrs. E. V. Bogart and children  
of Lindsey. Mr. Bogart is city clerk  
of the meeting of the League of South-  
ern California Municipalities at  
Santa Monica. Mr. and Mrs. Bogart  
and family left for their home in  
Lindsey yesterday morning. They  
were very much surprised at the  
wonderful growth of Glendale and  
of the class of homes being built  
here.

## WHO IS CARRYING IT?

If you are not adequately insured  
who is carrying the hazard?

An exchange says: "He believed  
he could invest his money to bet-  
ter advantage, himself. He did  
invest \$1000 a year for ten years.  
Then he died. His family re-  
ceived, including interest, \$13,000.  
But the same deposit would have  
insured him for \$50,000. There-  
fore, he carried \$13,000 of the  
risk and his family the balance of  
\$37,000. His \$13,000 investment  
yielded \$650 a year while \$50,000  
insurance would have yielded him  
\$2,500 a year. Therefore the pen-  
alty of not insuring costs his fam-  
ily \$1,850 a year."

We can do for you what cannot  
be done in ANY other way. Think  
it over.

## Glendale High Again Bests Burbank Team In Football Contest

Although the football game sched-  
uled for yesterday afternoon with  
Lincoln high school was called off  
at the last minute on account of the  
wet field at the Hallsplitters' institu-  
tion, Coach N. C. Hayhurst of the lo-  
cal high school took his pigskin co-  
horts to Burbank, where they  
"cleaned up" on the Hayseeds for  
the second time in a single week.  
The contest was originally planned  
to have been a scrimmage between  
the Glendale seconds and the Bur-  
bank first string squad, although the  
"varsity" boys of G. U. H. S. were  
put into the fray about half of the  
time, mainly for the purpose of  
keeping them in training.

Showing that they will be heard  
from at a later date the second team  
exhibited that they understood the  
game by breaking through the heav-  
ier Burbank line for a touchdown  
in the first quarter. Coach Hay-  
hurst is already laying plans for the  
best team in the history of the in-  
stitution next fall when the present  
second string players, who are prac-  
tically all underclassmen, improved  
in weight and general football ex-  
perience.

Next year's plans will not inter-  
fere with this season's chances, how-  
ever, according to Coach Hayhurst  
and Captain Dutcher, star lineman  
of the team. With the average  
weight of the huskies, including the  
rather light backfield, near the 160-  
pound mark, and with an exception-  
ally fast bunch of performers on the  
eleven black and red warriors  
promise to repeat last year's record  
of winning the Central league pen-  
nant.

The postponed game with Lincoln  
will probably be staged the first part  
of next week.

## Hart Realty Company Moving Its Business to Larger Quarters

The Hart Realty company which  
has been located at 120 North Brand  
boulevard is busy today moving its  
office to 113 East Broadway, next  
door to the Glendale State bank,  
where new quarters will be taken in  
order to give the firm ample facility  
for taking care of its extensive busi-  
ness.

The entire building will be utilized  
for office work and this will mean a  
big addition to the firm. L. A. Hart,  
head of the company, has been a  
resident of Glendale for the past six  
years and during that time has built  
up a large realty business by fair and  
courteous dealings with the public,  
and the present move is a testimony  
to the rapid growth of the company.

## Error Made In Figures of Dry Goods Co. Ad

The Glendale Dry Goods company  
of 115 East Broadway gives good  
values for the money, but when  
through error it was advertised in  
the columns of The Glendale Evening  
News yesterday that \$1.50 sheeting  
could be purchased for \$25 instead  
of \$1.25, patrons of this popular new  
store could appreciate readily that  
it was not a fact. Many, however,  
are taking advantage of other bar-  
gains offered for today.

## Property Here Worth More Than Oakland

Mr. and Mrs. Eugene Wilson, for-  
merly residents at 371 West Broad-  
way, who recently disposed of their  
property here through the firm of  
Wilkin & Merriken, 123 South Cen-  
tral avenue, have written to Mr. Mer-  
riken stating they are now located  
at 2407 Thirty-fifth avenue, Oak-  
land, where they have purchased a  
bungalow. In commenting on re-  
lative values of real estate Mr. Wilson  
says that property in Glendale is  
worth about a third more than Oak-  
land property.

## Mrs. Henry Harrower Hostess to W. C. T. U. at 'Parlor' Meeting

The regular "parlor" meeting of  
the city union of the Women's Chris-  
tian Temperance Union took place  
yesterday afternoon at the home of  
Mrs. Henry Harrower, of 1516 East  
Broadway, with about twenty ladies  
in attendance. As it was the fifth  
Friday of the month no business was  
transacted, the entire meeting being  
conducted as a social gathering.

Following the completion of a  
short musical program Mrs. Charles  
Noll of Hollywood, who is president  
of the board of directors of the  
Southern California Home Associa-  
tion, made an address, telling of the  
history, needs and conditions of the  
Home. The Home, which is located  
at 215 East Avenue Fifty-seven, in  
Los Angeles, was established by the  
W. C. T. U. over twenty-five years  
ago. Its present size is four acres,  
with a three story, forty-room build-  
ing situated in the center of the plot.  
The Home is operated solely for  
the keeping and taking care of aged  
women, it now being occupied by  
thirty-four members. Its business af-  
fairs are conducted by a board of di-  
rectors, which is composed of eleven  
women from the various W. C. T. U.  
organizations throughout southern  
California. Of these eleven two are  
members of the Glendale union,  
namely, Mrs. O. S. Palmer and Mrs.  
Edith Hewey.

During her address Mrs. Noll told  
those present of the proposed plan  
of the board of directors for the erec-  
tion of a small hospital on the Home  
grounds, explaining the need of such  
an institution and also the proposed  
system of raising sufficient funds to  
build the structure. It was stated  
that as soon as \$5000 is raised for  
the purpose the actual work of con-  
struction will begin.

The next regular business meeting  
of the local union will take place next  
Friday afternoon at the home of Mrs.  
Eva M. Hutton of 326 East Colorado  
boulevard.

## Juvenile Class In Dramatic Art Being Formed by Director

A juvenile class in dramatic art is  
being organized by O. P. Wilkerson,  
new owner of the Palace Grand the-  
atre, who has had over thirty years'  
contact with the legitimate stage. He  
believes that there are many children  
here who have histrionic talent which  
could be developed to their great ad-  
vantage. He has promised to de-  
vote his time to coaching them in lit-  
tle playlets, one act farces and little  
musical productions and to allow  
them the use of the stage at the Pa-  
lace Grand theatre provided they will  
agree to report regularly at Saturday  
morning rehearsals. If you are of  
school age and want to learn how to  
appear in public without getting  
stage fright, Mr. Wilkerson will be  
glad to make your acquaintance.

## 'Personality' Will Be Topic of Talk at Studio Meeting

A talk on personality by Mrs. Eve-  
lyn M. S. Labadie will be the feature  
of tonight's program at the Dramatic  
Arts Studio, 101 North Cedar street,  
for which invitations may be se-  
cured by telephoning the studio.  
"Hello," a recitation, will be de-  
livered by Henry Biederman. Jim  
Rhodes and Bill Rhodes will portray  
a dramatic French Canadian story-  
ette called "Dominique." Miss Helen  
May Steele, Miss Margaret Johnson,  
and Miss Marguerite McGuire will  
unite in a playlet, "The Knot of  
White Ribbon."  
Miss Margaret Johnson will be the  
hostess. She will be assisted by Jim  
Rhodes.

## Funeral Service of Mrs. Clara Arnold Takes Place Today

Funeral services for Mrs. Clara  
Arnold, sister of George T. Paine of  
351 Ivy street, who passed away at a  
Los Angeles hospital Thursday  
night, were held this afternoon at  
the parlors of an undertaking com-  
pany in Los Angeles, with interment  
at Forest Lawn Memorial park.

## Modern Methods Used In Cleaning of Auto

The Glendale Auto Wash Rack  
and Service station at the corner of  
Brand and Wilson has installed a  
modern hot water system of cleaning  
automobiles. A pressure of 150  
pounds can be turned on any part of  
the machine where dirt and oil have  
collected, which is sufficient to  
quickly cleanse the machine.

## TELL OF STRICKEN EUROPE

Rev. E. Guy Talbot, who has just  
returned from a personal inspection  
of war stricken Europe, will be the  
speaker at the First Methodist church  
tomorrow morning at 11 o'clock. Mr.  
Talbot has not only gone over the  
devastated territory, but has made a  
special study of labor conditions. He  
will speak as one who know on the  
Soviet Russia. His message is one  
calculated to stir to the very depths  
those who get the vision of desolation  
as he saw it, it is declared.

## Schaeffer's Is Being Painted; Work Done by George E. Ellis

Schaeffer's cleaning and dyeing  
establishment, 221 East Broadway,  
is undergoing a slight remodeling  
and the interior is being painted and  
decorated in a very attractive man-  
ner.  
The work is being done by George  
E. Ellis, painter and decorator,  
219 1/2 East Broadway.

The firm reports that business is  
excellent and that there are plenty  
of indications that Glendale will  
have the most prosperous winter in  
its history.

## Marshall Concert Co. Entertainment Pleases

The entertainment given at the  
First Methodist church last night by  
the Marshall Concert company, under  
the auspices of the Epworth league,  
in charge of Elwood Ingledue, was a  
decided success as regards to excel-  
lence of program, although there was  
not quite as large an attendance as  
desirable on account of the rain.  
The numbers of the program were  
given by four members of the Mar-  
shall family of Los Angeles, all of  
whom are professional entertainers,  
and included dramatic interpreta-  
tions in costume, humorous charac-  
ter sketches, musical readings, piano,  
piano-accordeon, marimbaphone and  
xylophone numbers of unusual merit.  
One especially good number was an  
xylophone selection of the "Rosary,"  
played with four hammers instead of  
two.

## Policeman's College Is Now Being Proposed

BRIDGEPORT, Conn.—Establish-  
ment of a "Policeman's College," in  
the near future, is seen by Police  
Commissioner Philo C. Calhoun,  
founder of Bridgeport's training  
school for coppers.  
The school at present is a round-  
table discussion of questions which  
come up during a policeman's ordi-  
nary day on his beat, Calhoun, a  
young attorney and ex-service man,  
explained. The discussion lasts  
three-quarters of an hour.

"This school means first that it  
will promote closer relations between  
members of the police board and  
members of the force. Just now I  
talk to the men Wednesday nights  
before they go on duty. Each week  
the platoons shift.  
"There is nothing stiff and formal  
about these meetings. All of us pull  
off our coats and lounge comfortably  
about while the discussion goes on,  
and it gets pretty warm sometimes,  
too. The patrolman of today should  
hold every conceivable interest in the  
department, because they realize  
they are the logical successors to  
their present superiors.  
"These talks are also being di-  
rected toward the relations between  
the policeman and the community in  
general."

## Hudson and Essex Agency Says Public Appreciates Service

L. S. Davis and W. W. Reilly, who recently established a Hudson and Essex agency at 230 North Brand boulevard, are reporting a very prosperous volume of business. The proprietors are featuring Hudson and Essex sales, shop work and service, and the public has given a prompt and generous response.

The place of business was recently repainted and redecorated and the results are very attractive. The large salesroom, especially has elicited many flattering comments from the many visitors.

"The results, since we moved from Pasadena and established business here, are really astonishing," said Mr. Davis today. "In the very near future we expect to have our business filled to capacity and every detail will be in readiness for the prompt, efficient and courteous service to the public."

"We had a large exhibit at the San Fernando fair, and we are doing considerable advertising, and the best results are showing perceptibly. Our show room, we think, is the best of its kind."

"At present we are working out an organization that will take care of any business desired in the auto line and we intend to feature in addition to the sales of our popular Hudson and Essex cars, the service of our garage where we have expert workmen who give efficient and courteous attention to any kind of garage work."

## Mr. and Mrs. Turck Make Statement as to Property Price

Editor The Glendale Evening News—The impression has gained ground that in case the proposed school bonds carry at the coming election that the sum of \$30,000 is to be paid for the Turck property on South Glendale avenue between Park and Acacia for a site for an intermediate school.

The fact is that our price is \$25,000, which is fair indeed since if the lots in this tract were to be sold separately at the present market price this ground would net the owners \$35,000. The remaining \$5,000 is to be used for the purchase of the home of Rev. O. P. Rider and a lot owned by Mr. Wood, which join the Turck property on the west.

Mr. and Mrs. Chas. M. Turck.

**HELPFUL "CLIPS"**  
Paper clips are useful for keeping together and in order clippings, loose leaves of magazines, books and music, kodak prints, letters, envelopes, cards of hooks and eyes, samples, patches and bits of cloth, ribbon, tape and elastic. When cutting out or basting an article, use clips along the edges in place of the usual pins for holding patterns in place.

Twenty-five per cent of the world's coal production is used in the operation of railroads.

Bailey at the organ, will be as follows: Morning: Prelude, "Andante" (Gritton); anthem by the quartet, "Be Thou Exalted, O God" (Adams); Miss Pansy E. Sheldon, soprano; Mrs. Fannie Marple Retts, contralto; Mr. Pratt, tenor; C. Clifford Riggs, baritone; offertory, "Andantino" (Haydn); soprano solo, "Still, Still With Thee" (Hawley); Miss Pansy E. Sheldon; postlude, "Triumphal Chorus" (Wachs); evening: Organ recital: (a) "Berceuse" (Gondard); (b) "Triumphal-Aida" (Verdi); (c) "In Moonlight" (Kinder); quartet, "The Voice of Jesus" (Nolte); tenor solo, "The Messenger of Peace" (Scott); Mr. Pratt; offertory, "Theme Religioso" (Chopin); quartet, "As the Waters Cover the Sea" (Lorenz); postlude, "Hosannah" (Diggle).

**TROPIC PRESBYTERIAN**

## Informal Discussion of Plans for Home for Tuesday Club

Mrs. Mabel Rudy of 437 South Central avenue was hostess yesterday at a very delightful luncheon given at her new home for the members of the Tuesday Afternoon club. The luncheon table was centered with a large blue basket filled with yellow flowers. Guests included Mrs. Charles Temple, Mrs. Mabel Franklin Ocker, Mrs. C. E. Norton, Mrs. E. W. Kinney, Mrs. John Robert White, Mrs. A. M. Hunt, Mrs. Walter Stamp, Mrs. C. E. Hutchinson and the hostess, Mrs. Rudy.

Following the luncheon there was a meeting of the building committee, including the past presidents and all of the past chairmen of ways and means and members of the present board. Owing to the inclement weather a number of past presidents were not at the meeting which resulted in an informal discussion as to the building of a new clubhouse, plans, architecture and the offers of various real estate men for the purchase of the lots now owned by the Tuesday Afternoon club at Lexington Drive and Brand boulevard with no definite action being taken. There will be another meeting of the building committee in the very near future to take definite action as to the course of procedure.

A meeting of the executive board followed, which consisted of routine business and the voting in of new members.

## F. C. Kearne Is Sure Advertising Pays; Here's His Story

F. C. Kearne, realty dealer recently established at 208 East Broadway, tells an interesting story in connection with his first venture in the real estate business and the value of advertising in The Glendale Evening News. A neighbor called across the fence one evening and asked if Mr. Kearne thought he could find a buyer for his place. Realty business was then comparatively new for Mr. Kearne, but he answered that he would insert a classified ad in The Glendale Evening News, giving his telephone number, and see what would be the results.

The ad was inserted the next forenoon. At 3 o'clock that afternoon Mr. Kearne's wife called up the store where he was working and asked him to come home and take charge of answering the telephone. With a pencil and pad he kept count of the number of calls and within a short time had answered forty calls. By 5 o'clock the deal was closed and neighbor's property changed hands.

The incident gave Mr. Kearne an idea as to the value of advertising, and further emphasis was added a short time later when he negotiated a sale for a \$4,000 property on Cedar street, the property being purchased by one of the prospects who had called on the phone during that afternoon.

"Does it pay to advertise?" said Mr. Kearne. "Say, that one ad cost me less than a dollar and it did the business before evening of the same day."

## MacGregor Realty Co. Offices Now Located at 136 North Brand

Moving of the office of the MacGregor Realty company from 108-A East Broadway to 136 North Brand boulevard was completed yesterday afternoon and the company is now meeting its patrons at the new location. The real estate office of E. H. Kerker, which has been for a considerable time at 136 North Brand boulevard, will continue at the same location, the offices of Mr. Kerker and Mr. MacGregor being at the same location, but the business of each will not be associated.

"Mr. Kerker and I will be at the same location," stated Mr. MacGregor, "and we shall join hands in working together for the upbuilding of the community and aim for a higher standard in the realty business. Our business, while at the same location, will be separate, and we are going to prove it is possible for two real estate offices to be located at the same place, and still work in harmony."

Both Mr. MacGregor and Mr. Kerker are real estate men of much experience and have built up an enviable reputation in their many dealings with the public. Both believe in the future of Glendale and have nothing but optimism to give prospective home makers here.

## British Doctor Favors Carbonated Beverages

Sir James Lowther, an eminent British doctor, and an authority on foods, in speaking of carbonated beverages, says:

"Soda water is subtle, penetrating and active. It forces a passage through the minutest vessels, and by its mild and gentle stimulus, nourishes the fibers, increases their elasticity, excites them into motion, and by its expansion quality rarifies and spiritualizes, as it were, the blood and dilates the vessels. It accelerates the motion and circulation of the body fluids and invigorates the whole system. It provokes the whole appetite, assists digestion and facilitates all the natural secretions and excretions of the body."

## NEW OAKLAND SPORT CAR IS PROVING POPULAR HERE

Green & McClellan Say Model In Demand; Many Standing Orders Now on Books

Snappy lines, wire wheels with cord tires and complete equipment, are proving distinct selling features with the new Oakland sport model, announces Max L. Green, of the Green & McClellan Oakland agency, 115 West Harvard, and the firm is being kept on the jump in getting a sufficient supply of cars to meet immediate deliveries. The new sport model is snappy and attractive and catches the eye at once.

Within the past three weeks five cars have been delivered and there are now many standing orders with the firm. Two carloads of five cars each are expected within the next few days and this will take care of the patronage but for a short time.

F. W. McClellan, of the firm, has been busy the past few days in connection with the sales work, in getting his household goods moved here. A little delay has been occasioned in receiving a shipment of furniture from San Diego. However, the vicissitudes of moving will come to an end within a day or two and Mr. and Mrs. McClellan will be comfortably settled in a fine bungalow at 738 North Brand boulevard, they believe.

## Farce Comedy Film Being Presented on Palace Grand Screen

"The Girl in the Taxi," the latest farce comedy production made by Mr. and Mrs. Carter DeHaven for First National, which plays Sunday and Monday at the Palace Grand theatre, is the type of farce comedy that is at once wholesome and rollicking in its humor. It is devoid of the claptrap that is usually inherent in the average farce picture.

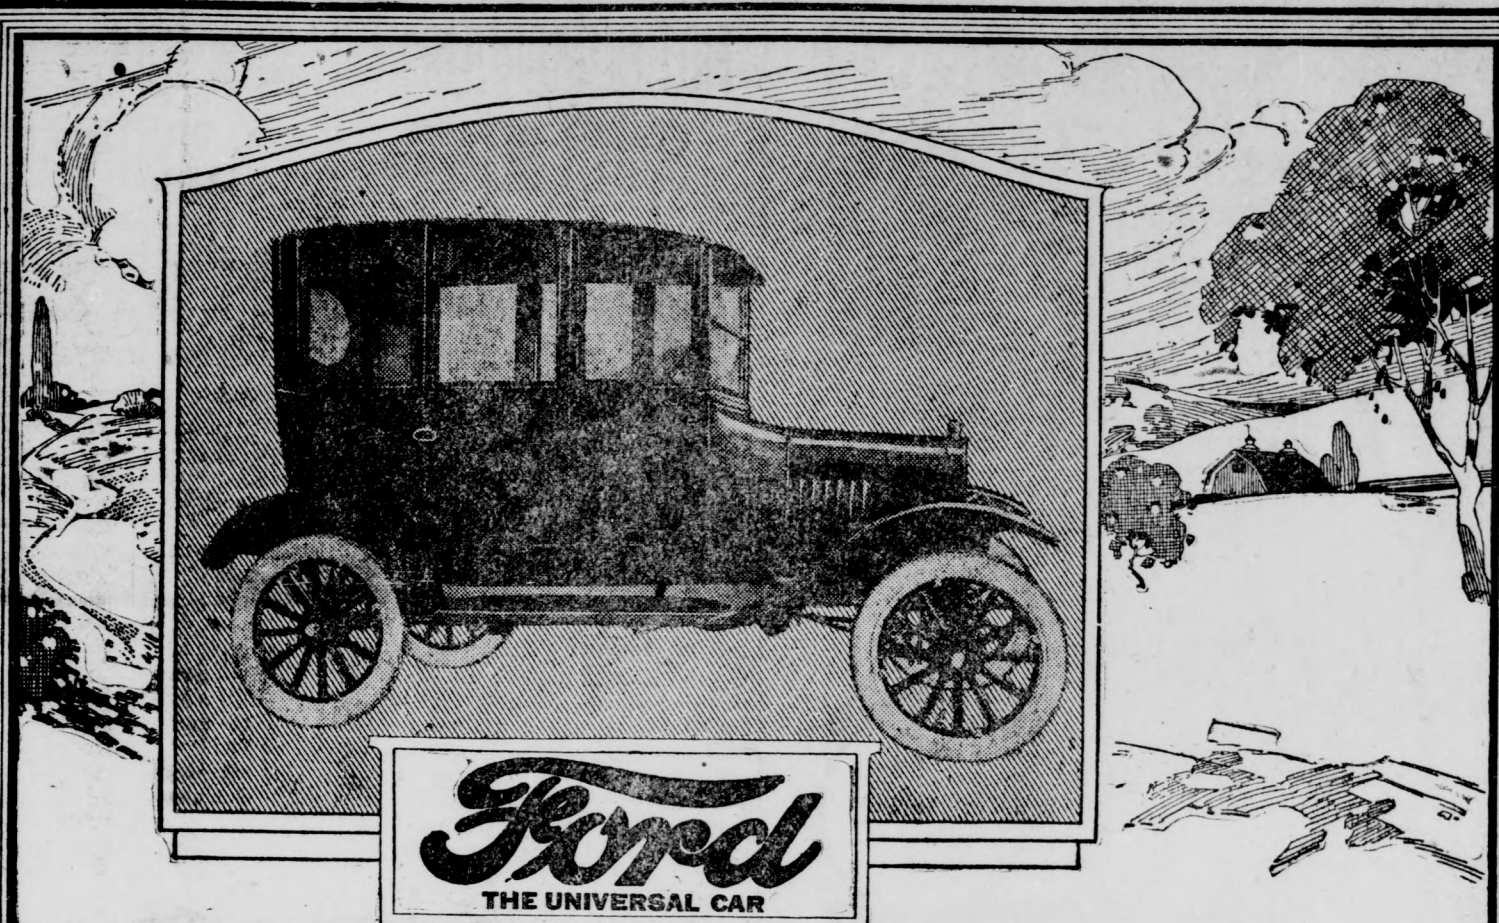

Other prominent members of the cast include King Baggett, the old time screen hero who has appeared in over 300 photoplays, Grace Cunard, the serial queen, and Otis Harlan.

The other feature on this double bill is Hugh Ford's Paramount production, "The Call of Youth," filmed entirely in beautiful England, and with a great English cast. A Paramount Cartoon and Henri Monnet's organ solo complete the program.

Gloria Swanson in Elinor Glyn's "The Great Moment" closes its engagement tonight. Monday is "Mothers' Night."

Ten sticks of dynamite dropped from between the ceiling and the first floor to the basement of the Pacific hotel building in Spokane while workmen were making alterations. The dynamite was so old it failed to explode. It was wrapped in a newspaper bearing the date of 1899.

## You'll Enjoy its Beauty and Convenience

Now is—the time of year to get out into the country—the season that increases the joys of motoring many-fold.

And then Autumn—the season that brings with it many uses for a car—especially a Ford car.

For Ford dependability and economy makes it the one car that always satisfies and serves—a car of utility beyond question that all can afford—a car that multiplies for its owner the pleasures of living.

So the wise buyer is buying his Ford now—he can get more use of his car at this time, and he will derive untold pleasure from it during the Fall and Winter. Come in and let us talk it over.

## CHEVROLET COST IS LESS AND VALUE HELD GREATER

O. W. Tarr Tells Why Everyone Should Have Car; Prices Less Than In 1917

"Automobile transportation, which is universally recognized as a necessity today, is within the reach of more people with small incomes than at any time since the beginning of the world war," says O. W. Tarr, local dealer in Chevrolet passenger and commercial cars. "Take the Chevrolet line as an example. The new price of the Chevrolet 'Four-Ninety' touring car, \$525, is \$25 less than the introductory price of this model, fully equipped, in 1915.

"And while the Chevrolet costs less today than ever before, it represents greater value to purchasers. It has been improved in construction and equipment. Figured on a basis of the value of equipment added and improvements made, the Chevrolet 'Four-Ninety' is sold today at a price lower than ever before.

**Less Than Three Years Ago**  
"This also holds true of other Chevrolet models. Model 'FB' touring car is today listed at \$160 less than its introductory price, three years ago. Chevrolet Model 'G' and Model 'T' trucks, also, have reached low price levels that have not maintained for years.

"Judged by price alone, any Chevrolet model is of greater value today than ever before. But this is not a fair comparison, since all Chevrolet models have been improved in construction, design or equipment.

"The purchaser today secures the advantage of this added value. In this way an automobile costs less to buy than in 1917, and it is generally of better value because of better equipment or construction."

## INSURANCE CHEATS SAFETY BUREAU IS NOT NUMEROUS IN SOUTH, BELIEF NOW ORGANIZED IN SOUTHLAND

Stories From East Not Being Duplicated Here, Declares Auto Club Officials

Examination School In Which Drivers Must Qualify Is One of Innovations

Auto thieves and dishonest car owners will not wreck insurance companies in southern California as happened recently in New York as long as business conditions remain as good here as at present, according to officials of the Automobile Club of Southern California.

It is reported from the east that scores of unscrupulous motorists are dumping their cars into rivers or burning them up in order to receive cash returns from their insurance holdings, and concern which has been expressed here is without foundation, say officers of the inter-insurance exchange of the automobile club.

However, motorists in southern California should be protected against their own poor judgment in accepting policies of automobile insurance which do not offer the proper security, it is pointed out. Reassurance is given in the club's statement that the insurance commissioners office in this state is very careful to see that the deplorable conditions apparently existing in the east does not interfere with motorist interests in California.

### Often Granted Probation

This being a fact, bogus theft claims are not so apparent here as they are in territories where general financial conditions and the personal classification of individual policy holders is not so good.

The one worst feature in southern California as regards the theft situation at the present time is the fact that thieves even when proved guilty are so often granted probation. It is imperative in the automobile club's estimation that presiding judges should be more strict in giving prison sentences.

Recently an auto thief was arrested for the ninth time after having committed seven thefts, and after having been put on probation nine times. Such leniency as this tends to encourage automobile thieves, points out club officials.

### Harry M. Gill Is Given Acid Shower; Doesn't Lose Smile

Harry M. Gill, manager of the Westinghouse Battery Service, 233 South Brand boulevard, had an unpleasant experience lately.

While he was preparing a battery, a lot of carbonic gas in it exploded, and soured the ceiling with sulphuric acid. Mr. Gill received an unpleasant shower.

However, a little thing like that didn't bother him much, for business is fine at the Westinghouse Battery Service and he forgot his shower in booking new orders. Mr. Gill is more than pleased, he says, with business conditions in Glendale.

### Ford Chiefs Seeking Ducks at Big Bear; Big Supper Is Due!

Jessee Smith, the "Ford man," and his sales manager, Alfred Land, are over at Big Bear lake getting acquainted with each other and trying to see how many ducks they can pot. They left at noon yesterday so as to be sure and be there when the season opened.

The boys at the Ford agency are anticipating a duck supper Monday night.

Of course, if the Ford men do not come back with ducks, they will, at least, have a good alibi.

Age does not depend upon years, but upon temperament and health. Some men are born old, and some never grow so. —Tyron Edwards.

"Fed up" with reports of automobile accidents on county and state highways throughout southern California, the Automobile Club of Southern California is to institute a sincere and business-like method for eliminating reckless driving.

Following a precedent established by St. Louis and Detroit, the club has opened an official safety bureau under the direction of E. B. Lefferts, public safety expert of St. Paul.

Public interest is to be aroused in safety maxims through the schools and through the organizations of a public nature.

"An examination school" in which truck and delivery wagon drivers must qualify before they are employed by any concern in the southern part of the state is one of the innovations suggested by the new Safety Bureau.

### Uniform Law Enforcement

That school children may more profitably employ their time in drawing pictures of the hazards of "hooking a ride" than in sketching pictures of sprigs of verbena or bowls of peaches and in writing essays on traffic safety rather than on beach picnics is the contention of the automobile club officials. Older children will be taught to care for the younger in crossing dangerous streets or roads, according to the present plan.

Uniform law enforcement by police courts will be one of the objects of the new club system. There is no use in bringing an offender to the bar of justice, it is pointed out, if he is to be excused in one court, fined in another or sentenced to jail in a third.

### Mrs. E. A. Kneip Is Dead; Husband Away on Eastern Journey

Glendale friends of E. A. Kneip of Lancaster, who is a member of Glendale lodge of Elks No. 1289, will be grieved to learn of the sudden death of his wife during his absence in the east. Mr. Kneip left Lancaster about the first of September to visit his parents in Minnesota. Mrs. Kneip was taken ill last Sunday, September 27, and was taken to a hospital in Lancaster.

Not improving, she was taken to a Los Angeles hospital Monday night and was operated on before morning. She passed away Friday morning. Although it was believed that Mr. Kneip had already started on the return trip, a telegram was sent him of the sad news.

Mr. Kneip has two daughters by a former marriage, his first wife, who was the daughter of Mr. and Mrs. George Leatherman of 421 West Dryden street, having died eleven years ago. They will make their home with their grandparents for the present time.

A sister of Mrs. Kneip's was taken ill and died very suddenly about four weeks ago at Wilmington.

### Business Is Great, Says E. S. Lawrence of Ford Sales Force

"Business seems to be increasing all the time since we moved into our new location the middle of August," yesterday stated Edward S. Lawrence, assistant sales manager for the Ford agency, which is now located on Colorado off Brand boulevard.

"This month we sold seventy-five new and fortythree second hand cars, which is a pretty good record. Business seems to be getting better right along," he concludes.

### Heavy Demand Being Made for Studebaker, Says Don S. Packer

"Since the recent \$200 drop in price there has been an unprecedented demand for light six Studebakers," today, remarked Don S. Packer, of the Packer Auto company, 245 South Brand boulevard.

"We have sold a number of them this week. One of their special features is their all enamel finish. After the car has been run, it can be shined up so that it looks like new."

### Ten Reel Picture 'The Shiek,' Shown, Palace Grand Screen

T. D. & L's Palace Grand theatre last night previewed "The Shiek," George Melford's greatest production for Famous Players-Lasky with a capacity crowd in attendance. Many film stars and the director were present at this event. Many were the congratulations extended Mr. Melford who was formerly a resident of this city.

The ten reels of master production which will soon be released is founded on the world famous novel of the same name by E. M. Hull. Agnes Ayres and Rudolph Valentino have the principal roles while Monte Katzerjohn was responsible for the scenario. Wonderful color photography features the production.

It can be said truthfully that nothing more vivid, more wonderful, more enthralling or more romantically gripping has ever been seen here. The stupendous scenes throbb with the love and romance of the desert tribes. It is a great story and a great film, a sure-fire hit and unquestionably the biggest picture of the year. Manager O. P. Wilkerson is to be complimented on bringing it here, for the first showing.

### Mr. and Mrs. Hamman Are Now Owners of Handsome Nash Auto

A new Nash six-cylinder semi-sedan, said to be one of the most handsome cars ever sold in Glendale, is now the property of Mr. and Mrs. Pierson Hamman of 235 North Orange street. It has what is known as a California top.

The glass sides only extend to the rear doors, while sliding panels may be pulled forward and transparent curtains pulled down from the top like window curtains completely enclosing the entire car in about a moment's time. In color the exterior is a beautiful battleship grey.

**SURELY "SOME" LUNCHEON**  
A young novelist who recently sailed to England to see a dramatization of a novel was given a luncheon before the boat sailed. It was quite a luncheon, too, but his friends managed to get him to the ship. About midnight he awakened and the only light was the light of the moon that came through a porthole. He gazed out of it in fascination for about half an hour, and then rang wildly for the deck steward. "Steward," he said, standing unsteadily, "what's the idea of all this water?"

## ARRAY OF FRESHMEN ATHLETIC TALENT HELPS TROJANS

Plenty of Material for Both Track and Field Will Be Provided for Coaches

To judge by the array of freshmen athletic talent which has entered the portals of U. S. C., this year the Trojan coaches won't suffer from a lack of competent material for some time to come.

From north, south, east and west have come star candidates for football, track, baseball and the minor sports. In fact, so numerous are the athletes that there are two or three good men for each job, as on the football team, for instance.

Even the old timers have caught the spirit. Chaps who have been out of the university for a couple of years have decided that a little more education and a fling at the football game wouldn't hurt them. Turk Hunter, hard-hitting fullback of three years back, has returned to the university and is trying to crowd some one off the varsity squad.

Amor Galloway, who went east to DePaul three years ago, had a year's education there and returned to U. S. C. last year, is back on the campus and eligible for the varsity football eleven. Galloway was a wonderful quarterback three years ago, and isn't believed to have slipped any in the meantime.

**Speedy Men Register**

A good coach attracts good athletes like a magnet, so it is easy to account for the fact that Coach Henderson of the football team and Coach Cromwell of the track team will have some wonderful material to work with in future seasons.

Long Beach High school men have followed in the footsteps of former team mates, namely Chet Dolley and Phil Tiernan, and take up their classroom work at U. S. C. Chunky LeFebvre, one of the best little backfield men ever turned out at Long Beach, registered last week, as did Boice, an end.

Another Long Beach representative, though ineligible for competition this year, is Roy Baker, fullback. This young man is said by Dean Cromwell to be one of the best prospects turned out of any high school in the south in recent years. He is a wonder on the offense and few are better defensively. He can hit and keep right on going. He played at Santa Clara as a freshman last fall, and won't be eligible until next winter.

Clarence Eberspacher, who played on the Long Beach state championship team of two years ago, is a transfer from Occidental and won't be available until 1922.

**Some Good Material**

Here is a partial list of the good freshmen who have entered U. S. C.: Holly Adams, Inglewood High school, tackle; Harold Allan, Lewiston, Mont.; Otto Anderson, Pomona High, hurdler; Norman Anderson, Los Angeles high, tackle; Cole, Santa Ana high, fullback and a baseball catcher; Vernon Blenkiron, Compton High school, sprinter, Junior national A. A. U. champion in the 100-yard dash; Howard Chaffee, Ventura high, shot putter; Dickens, Chaffee union; Perry Murdoch, San Pedro High school, fullback; Oliver Corey, high jumper and member of United States Olympic team in 1920; Phil Orth, Lincoln high, track captain last year; John Farman, Ukiah High school, shot putter; Hennessey, Paso Robles high, quarter miler; Root brothers, Paso Robles high, tackles; Sam Saltonstall, Pomona high, end 440-yard dash man; Sherrod and White, L. A. highpole vaulters; John Wood, 880-yard dash, Harold Godshall, Harvard Military academy, junior doubles champion last year; Ben Gerspheid, transfer from New Mexico, graduate of Mercersburg and a football of reputation as well as a javelin thrower; G. Morton Keller, St. Johns Military academy, end; William Pythian, Billings, Mont., tackle.

Lighthouses as bird sanctuaries along the English coast have proved a boon to the migrating birds. The Royal Society for the Protection of Birds has had placed on the lighthouse long lines of perches around the lighthouse gallery and on the dome. At migration time thousands of birds sit in long rows on the perches instead of beating against the glass dome as they formerly did.

## The World Over

By FRANKLIN B. MORSE.

PACIFIC SPORTS SERVICE

With each of its baseball clubs winner of its major league pennant, the average New York baseball fan will have to be fitted to a larger size head covering, and have friend wife set the buttons forward over the region of the chest.

Within a few days we'll begin to read the mathematical certainties based on figures of which team is going to win the world's championship. According to these percentage sharps there is hardly any need of playing the series, when the result can be so easily worked out on paper.

An attractive and extensive program of golf and polo events, including a number of championships has been drawn up for the winter season by the Coronado Country club of Coronado, Calif. This club has what is acknowledged to be the best polo field on the coast, and the recent improvements made on its golf links place these second to none. The first of the golf events will start on January 2 and is open to all members of recognized golf clubs, members of the United States Golf association. A golf competition for professionals has been set for February 26, the conditions of which will be announced later.

"Golf players do not make the progress in the game that they should make, and which they expect to make, largely for the reason that they think too much about the me-

chanical side of the game and do not pay sufficient attention to their mental attitude." This is the opinion expressed by Roger Lapham, former president of the California Golf association and a player of twenty-five years' standing. Too many players worry themselves about the mechanics of the stroke they are about to make to execute—their stance, swing and the errors that so easily beset them. The vital thing in Lapham's opinion is to visualize the stroke, to form a mental picture of a perfect stroke and so concentrate the mind on that vision.

One of our middle aged golf players, now on the shady side of fifty, has come to the conclusion that the schools were very inefficient in the manner in which they taught arithmetic, and that what attention they gave this art, mostly was devoted to subtraction rather than addition. He has come to this conclusion since he has looked over the score cards of some of his opponents.

On paper, Bryan Downey's ring record is rather an impressive one. He began his career as a featherweight February 2, 1914, when he was 17 years old. He has been in about 110 contests, twenty of which he won by knockouts. Only two decisions have been rendered against him. One was in Boston, in 1918, when he lost to Jack Britton, and the other to Jack Malone. Downey was born in Columbus, O., September 7, 1896.

By BILL UNMACK

PACIFIC SPORTS SERVICE

While Charlie Paddock, the world's greatest sprinter, is still in his prime, he has nevertheless positively stated he is through with track work, and in the same breath he announces that he will confine his recreation and exercise henceforth to golf. That reminds us that there are now hundreds of stars of former days in all lines of sport now playing that "ancient and honorable pastime" of golf.

Golf is getting greater and greater hold on the general public every day. There is not a day passes but that some one takes up the game, many times the person being classed as "the last person in the world you would think would take up golf." Take "Big Bill" Lange, for instance. In his day Lange was rated the greatest player that baseball ever knew, and even today he is still classed in a class by himself. Bill Lange today is an ardent devotee of golf and plays a good game at that.

Another well-known man now an ardent golf fiend is Geary Steffens, better known as Willie Ritchie, former world lightweight boxing champion. Still another coast man of prominence who comes to mind is Roscoe Fawcett, former football and track star and former sports editor of the Portland Oregonian. Fawcett is now a captain in the air service stationed at San Diego. For some years past Fawcett has "swung a mean club" and only recently he showed his ability to play the game by winning one of the big events played over the famous links of the Coronado Country club, San Diego.

Any baseball follower remembers who "Pop" Anson is. The same Anson today is one of the greatest golf fiends around Chicago. Another

man of national prominence this time a football coach is Alonzo Stagg. He has not only taken to golf, but he has organized one of the best known golf clubs in Chicago, the Olympia Fields club. Other football stars who gained national prominence in years gone by and are now golf fiends can be mentioned, "Snake" Adams, Ralph Hoagland and Franklin B. Morse, all former Princetonians, Babe Melbs and Lee formerly on the University of Chicago football team.

Track and field followers remember a few years ago when Bog Gardner of Yale set the world's pole vault record. Today Gardner has forsaken the spiked shoe and the pole vault standards for the golf links. He has attained equal prominence in golf as he did in track work and this is exemplified by the fact that he came next door to capturing the English open golf championship last year.

Cycling is listed in the golf followers with George Collett of Providence, R. I., who in the hey day of the pedal sport was among the top notchers on the saucer tracks. He is right up in the golf classic and this year finished in the championship division.

Former baseball players are found on every golf links of the country. Besides Lange and Anson there are a hundred or more others, some of the principal of these being Eddie Collins of the Chicago White Sox, John Gammona, formerly with Boston Braves, John M. Ward, former New York Giants, Mike Lynch, former Pittsburgh Nationals, and though now on a sick bed Christy Mathewson is known to swing a golf club with effect.

### "BACKWARDATION"

This peculiar word is a term used on the London stock exchange. A man sells stocks which he does not possess, promising delivery on a certain day. If at settling time the stock has not gone down to a point where he can make a profit on the transaction, he sometimes makes an arrangement with the purchaser of the stock whereby delivery is deferred, paying for this privilege an agreed amount of interest known as backwardation.

What is believed to be the longest continuous canoe voyage ever made was recently completed by a man who traveled 8000 miles in that manner. Using the paddle alone in a seventeen-foot canoe, he left Chicago, Oct. 11, 1919, followed the Mississippi to New Orleans, then the Gulf Coast around Florida, and the Atlantic coast north to New York, arriving June 25.

Music to improve the morale of workers who work into the small hours of the morning has been tried out in the Minneapolis postoffice and proved a success, according to Postmaster General Hays. It is said that at quitting time the employees are more alert and less tired and worried than before the installation of the phonograph.

## MINUTES OF CITY COUNCIL

Following are the minutes of the City Council, in session Thursday night, as prepared by City Clerk J. C. Sherer:

The council assembled at 8:10 p. m., all members present. Minutes of the regular meeting of Sept. 22, 1921 and special meeting of September 26, 1921, were read and approved.

### Protest Improvement

Protest against proposed improvement of Orange Grove avenue presented at this time and Messrs. Myers, Johnson and others spoke in opposition to the improvement.

Councilman Stephenson made a motion which was duly seconded that protests against the improvement of Orange Grove avenue from Adams street to Verdugo road be denied, by the following roll call: Ayes, Davis, Kimlin, Lapham, Robinson, Stephenson; noes, none.

### Improvement of Milford

Protests were called for against the improvement of Milford street. The city clerk reported that no protests had been filed and there were no protestants present. On motion of Councilman Stephenson, duly seconded, it was ordered that any protests against the improvement of Milford street be denied by the following roll call: Aye, Davis, Kimlin, Lapham, Robinson, Stephenson; noes, none.

The following resolution was adopted on motion of Councilman Stephenson. As Resolution No. 1240 "A Resolution of the council of the city of Glendale ordering certain improvements to be made on Milford street and on motion certain streets intersecting therewith in the city of Glendale," by the following roll call: Ayes, Davis, Kimlin, Lapham, Robinson, Stephenson; noes, none.

### Bids for Public Printing

In accordance with advertisement calling for the opening of bids at this time, bids were received, read and publicly declared for city printing as follows:

Glendale Daily Press—First insertion, per inch, 25c; subsequent insertions, per inch, 19c; copies of public printing, double column, per hundred, \$1.00.

Glendale Evening News—First insertion, 39c; subsequent insertions, 25c; for furnishing copies of public printing in quantities of not less than 100, per inch per 100 copies, 10c.

Referred to the city manager for checking and reports.

### Bids for Tractors

In accordance with advertisement calling for the same, bids were opened at this time and publicly declared for supplying the city with caterpillar tractor, as follows: E. I. Crook, \$2,550; Union Tool company, \$1,750; Harry E. White, Inc., \$1,725 f. o. b. Glendale; Holt Manufacturing company, \$2,350. Referred to city manager.

Communication to the council was read from F. P. Newport company, calling attention to the fact that Giletta avenue, from Canada boulevard to Verdugo road having just been improved, the company would like to have the council declare the same a boulevard between these points and protect it from heavy traffic and trucks hauling gravel, etc. On motion the city attorney was instructed to prepare an ordinance to comply with the request contained in this communication and also protect other streets in similar condition.

### Superintendent of Schools

Communication was read from R. D. White, superintendent of the city schools, stating that publicity committee, at a mass meeting of March 3, had instructed the writer to ask the endorsement by the council of the proposed school bond issue of \$260,000 to be voted on October 11, 1921. On motion of Councilman Lapham, letter was referred to the city attorney to prepare a resolution for adoption by the council. The city attorney having the resolution, same was adopted on motion of Councilman Davis, all voting aye, as follows: "Whereas, the publicity committee of nineteen, appointed by the mass meeting of March 3, has communicated with this city council asking its endorsement of the proposed bond issue of \$260,000 to be voted on at the election of October 11, 1921, which said communication is as follows:

"City Council, City Hall, Glendale, California:

"Gentlemen: The publicity committee of nineteen, appointed by the mass meeting of March 3, has instructed me to write you a letter asking for your endorsement of the proposed school bond issue of \$260,000 to be voted on at the election of October 11, 1921. The publicity committee consists of Capt. William C. Wattles, Messrs. H. V. Henry, Oliver O. Clark.

"As you are doubtless aware, owing to the phenomenal growth of the city of Glendale in the past two years, the schools are facing a critical situation. In a period of time mentioned the schools have increased from an enrollment of 1,735 to 2,850 or 64 per cent. During the same time, we have added four school rooms and two kindergarten rooms which evidently will not begin to provide adequate space for the additional 1,100 or more children.

"As patriotic citizens of Glendale, you must recognize the fact that our future welfare and development must largely depend upon our schools. A city can have no greater asset than a thoroughly efficient system of schools.

"The program outlined in the enclosed extract from the minutes of the final meeting of the committee of nineteen is planned to meet the school needs in all parts of the city and is based on a most careful and thorough investigation of conditions, made by the committee.

"The election is to be held at three polling places—at the Carretos avenue, intermediate and Central avenue schools, on Oct. 11, 1921, from 8 a. m. to 6 p. m. The amount of the proposed issue is \$260,000 in bonds of a denomination of \$100. If voted the bond issue will increase the tax rate about 10 1/2 cents on the \$100 of assessed valuation or to put it more concretely, it will cost the owner of a \$5,000 home assessed at \$2,500, about \$2.65 in increased taxes. This is based on the present assessed valuation of the Glendale city school district which is \$13,083,370.

"The need is urgent and immediate and you are therefore requested to give some sort of public endorsement to this proposed bond issue.

"Signed by the Publicity Committee of the Committee of Nineteen.

"By R. D. White, Supt."

And, therefore, the members of this council feel that the proposed bond issue is an absolute necessity and should be carried.

Therefore, it resolved, that this council hereby endorse said proposed bond issue and urge that all citizens and voters of the city of Glendale give same their support in order to meet the immediate and urgent need for which said bond issue is proposed.

Communication was read from the railroad commission, state of California, giving notice of hearing to-day before that body, of application by Pacific Electric Railroad company on this date. Ordered filed.

### Application of J. E. Walker

J. E. Walker in a communication to the council made an appeal from the acts of the street superintendent in making assessment against certain property owned by him and on motion of Councilman Stephenson, the following resolution was adopted, all voting aye:

Whereas, J. E. Walker has filed with the clerk of this council an appeal from the acts of the street superintendent in making his assessment for the improvement of Arden avenue under Resolution of Intention No. 1140. Now, Therefore, said appeal is hereby set down for hearing before this council at its council chamber in the city hall of the city of Glendale on the sixth day of October, 1921, at the hour of 8 o'clock p. m. and the clerk is hereby directed to post notice of said hearing as provided by law.

### Map of Smalley Acres

The engineer presented with his approval a plat of Smalley Acres in which changes had been made from the plat as originally presented and to the council in accordance with desires of that body.

On motion of Councilman Kimlin, Resolution No. 1241 was adopted: "A resolution adopting map of Smalley Acres and accepting on behalf of the city of Glendale, streets, alleys, and public places shown thereon," by the following roll call: Ayes, Davis, Kimlin, Lapham, Robinson, Stephenson; noes, none.

Communication was read from Fox Woods Lumber company making application for permit to operate a lumber business on lots 2, 4, 6, 26, 27, 28, block 4; lots 17 and 19, 21 and 23 of block 34 of the city of Glendale. It is stated in the communication that the property is now occupied by the applicant and its occupation has been continuous since January 1, 1920. On motion of Councilman Stephenson, permit was granted on roll call, all voting aye.

### Permit for Laundry Granted

The matter of the application for permit to establish a laundry in the neighborhood of the westerly prolongation of Arden avenue came up at this time. A large number of residents in that neighborhood were present and expressed their objection to the granting of the permit. Councilman Davis made a motion which was seconded by Councilman Kimlin that the permit be granted. Roll call as follows: Ayes, Davis, Kimlin, Robinson; noes, Lapham, Stephenson.

### Appointments Confirmed

The city manager reported the following appointments: W. B. Stone, senior draftsman, \$140 per month. R. G. McLean, junior draftsman, \$30 per month. Geo. Herda, patrolman, \$120 per month.

On motion of Councilman Stephenson, same were approved, on roll call, all voting aye.

### Kelly Water System

The city manager made a report of the Kelly water system based on the report and estimate of the superintendent of plant and production, showing the estimated value of the plant to be \$860. Ordered to be filed.

### Coker & Taylor Complain

The city manager made a report in regard to complaint of Coker & Taylor as to improper plumbing to a building, corner of Wilson and Isamemo by superintendent of buildings explaining the matter complained of. Ordered to be filed.

### Easements Presented

The city manager presented to the council an easement and deed given by Harry Wisem in connection with proposed improvement of Brand boulevard and San Fernando road.

### Protest From Isabel Street

The city manager made a report in regard to petition previously presented to the council asking that Isabel street be protected from damage being caused by heavy teaming. Report consisted of a memo by the building superintendent to the effect that it would be almost impossible to abate this condition and calling attention to provisions of Ordinance No. 222. Ordered filed.

### Chestnut and Harvard

The city engineer made a report on petition for the improvement of Chestnut and Harvard streets showing that Chestnut street petition had signers representing 49 per cent of the total frontage and Harvard street petition is signed by owners of 61 per cent of the frontage, recommending that proceedings be started for this improvement. On motion of Councilman Davis the city attorney and city engineer were instructed to prepare the necessary proceedings for this improvement.

### Application for Permit

The superintendent of building reported in regard to the application for permit to install and maintain automobile body and fender repair shop at 137 1/2 South Brand; that same had been operated in a small way at 108 West Colorado street and is an independent business located on the alley in the rear of 137 1/2 South Brand, the above number, recommending that the same be granted. On motion of Councilman Davis, permit was granted by the following roll call: Ayes, Davis, Lapham, Robinson; noes, Stephenson.

Communication from James Neill  
Communication addressed to the

mayor was read from James Neill in which the writer expressed the opinion that the eucalyptus trees in Loma avenue are not receiving proper attention from the forestry department, calling attention to the fact that a large limb had recently fallen from one of them, to the street. Accompanying the same was an explanation by Forester Marek to the effect that these trees had not been neglected, but that they are a hazard as they stand, and it is his judgment that nothing can be done with the tops of them without increasing the hazard.

### Settlement Is Effected

Councilman Stephenson made a motion which was seconded and adopted on roll call as follows: Ayes, Davis, Kimlin, Lapham, Robinson, Stephenson; noes, none.

Resolved, that the city attorney is hereby authorized in behalf of the city of Glendale to enter into a stipulation for compromise and settlement of the case of George E. Place vs. P. Diederich and the city of Glendale; said case being B 92407, now in the Superior court of the county of Los Angeles, California, by which settlement the city of Glendale will pay to the said George E. Place in full settlement of the claim set forth in said case, the sum of \$2,500 in installments as follows:

\$500 October 1, 1921; \$500 November 1, 1921; \$500 December 1, 1921; \$500 January 1, 1922; \$500 February 2, 1922.

The said stipulation may provide for entry of a judgment of the court to the effect, each party to pay his own costs.

### Repairs to Fire Engine

The chief of the fire department reported that one of the fire engines of the department is in need of repairs at an estimated cost of \$250. On motion of Councilman Lapham it was ordered that repairs be made to the engine and the sum of \$250 be set aside to pay for the same, by roll call.

### Contract is Awarded

The city manager reported back the printing bids referred to him to the effect that the lowest bid was that of the Glendale Daily Press and on motion of Councilman Davis, seconded by Councilman Stephenson, it was ordered that the bid of the Glendale Daily Press for city publishing and printing be accepted, by roll call.

The city manager recommended that claim of Alfred G. Bartley for injury caused by wire or cable belonging to the city of Glendale in connection with the electric distribution system, for \$735, be allowed in full satisfaction of the claim and on motion of Councilman Lapham, and duly seconded, it was adopted by roll call.

Resolved, that the city manager is hereby authorized to settle and compromise claim made by Alfred G. Bartley against the city of Glendale on account of accident occurring on August 12, 1921, by payment of the sum of \$735, which amount is to be in full satisfaction and discharge of said claim and the sum of \$735 is hereby appropriated therefrom for the unappropriated reserve for the electric light department as the same appears in the public service budget for the current fiscal year. This amount is payable as follows upon execution \$350 and balance of \$385 December 1, 1922.

### Opening Raleigh Street

Councilman Kimlin introduced "An ordinance declaring the intention of the council of the city of Glendale to open the opening, widening and laying out of Raleigh street in said city," which was read and ordered to be laid over.

### Resolution No. 1242

On motion of Councilman Davis, Resolution No. 1242, "A resolution of the council of the city of Glendale ordering certain improvements to be made on a portion of Maple street in said city," was adopted on roll call, all voting aye.

### Resolution No. 1243

On motion of Councilman Stephenson, Resolution of Intention No. 1243 was adopted, all voting aye: "A resolution of the council of the city of Glendale declaring its intention to close up, vacate and abandon for street and alley purposes a portion of that certain alley in Block 12, town of Glendale, in the city of Glendale, described hereon and specifying the exterior boundaries of the district affected thereby."

### Ordinance Adopted

On motion of Councilman Kimlin, ordinance previously presented to the council was adopted as Ordinance No. 485, roll call as follows: Ayes, Davis, Kimlin, Lapham, Robinson, Stephenson; noes, none.

"An ordinance providing for the signing by the mayor of certain municipal improvement bonds authorized to be issued prior to the adoption of the present city charter, and authorizing the sale thereof."

### Salary Ordinance Introduced

Councilman Davis presented an ordinance, "An ordinance of the council of the city of Glendale amending Ordinance No. 460, entitled, 'An ordinance of the council of the city of Glendale fixing the salaries of the officials of said city, authorizing employment of certain employees and fixing the compensation or rates of pay therefor and repealing all ordinances conflicting therewith,'" which was read and ordered to be laid over.

### Transfer of Funds

The city controller recommended that in order to meet the September pay roll, the sum of \$7000 be transferred from the public service fund to the general budget fund as a loan to be returned when this year's taxes are received.

On motion of Councilman Stephenson the transfer was ordered to be made in accordance with recommendation by the following roll call: Ayes, Davis, Kimlin, Lapham, Robinson, Stephenson; noes, none.

### Verdugo Reservoir

The engineer of the public service department reported that the Verdugo road reservoir has been satisfactorily completed by the contractor and on motion of Councilman Kimlin, seconded by Councilman Davis, it was ordered that the engineer of the public service department proceed promptly to apply to reservoir a coat of liquid asphaltum or similar suitable preparation. Roll call as follows: Ayes, Davis, Kimlin, Lapham, Robinson; noes, Stephenson.

### Addition to Sewer System

Communication was read from Mattison B. Jones requesting that addition be made to proposed sewer

## "A Plain Nuisance"

That's the term a local newspaper editor applies to that old-home institution known as wash-day. He expresses the hope that it won't ever be revived.

Literary Digest tackles the subject, too, when it recommends to women that they keep pace with their husband's progress in his relations with the world-at-large.

No woman whose day's thoughts have revolved around the commonplaces of a week's washing can be a fit conversationalist at the evening meal.

Let us rid you of the wash-day nuisance.

## ORDINANCE NO. 485

AN ORDINANCE PROVIDING FOR THE SIGNING BY THE MAYOR OF CERTAIN MUNICIPAL IMPROVEMENT BONDS AUTHORIZED TO BE ISSUED PRIOR TO THE ADOPTION OF THE PRESENT CITY CHARTER, AND AUTHORIZING THE SALE THEREOF.

WHEREAS, By Ordinance No. 371 of the Board of Trustees of the City of Glendale, adopted on the 13th day of February, 1920, the Combined Water Works and Electric Light Works Bonds of the City were authorized to be issued in the total amount of \$260,000, as specified in said ordinance, and

WHEREAS, It was provided in said ordinance that said bonds should be signed by the executive of said municipality, to-wit: The President of the Board of Trustees, and

WHEREAS, Said bonds were printed and all thereof, except bonds numbered 117 to 120 inclusive, maturing on March 1 in the year 1939, were executed and sold prior to the adoption of the present city charter which became effective on the 5th day of July, 1921, but said bonds numbered 117 to 120 inclusive were not signed by the President of the Board of Trustees before said new charter took effect, and is now desired to have the same executed and sold, and

WHEREAS, All the powers of the city, except as otherwise provided in said charter are now vested in the Council, the presiding officer of which is called the Mayor, who under said charter shall sign official documents when the signature of the Council or Mayor is required by law, said Council and said Mayor replace the former Board of Trustees

and the President thereof, respectively.

WHEREAS, Under the provisions of an Act of the Legislature of the State of California, entitled, "An Act Authorizing the Incurring of Indebtedness by Cities, Towns and Municipal Corporations for Municipal Improvements, and Regulating the Acquisition, Construction or Completion thereof," which became a law February 25, 1901, and as subsequently amended, under which said bonds were authorized to be issued, said bonds shall be signed by the executive of the municipality.

NOW THEREFORE BE IT ORDAINED BY THE COUNCIL OF THE CITY OF GLENDALE:

SECTION 1. That the Mayor of the City of Glendale, being the executive of the municipality, is hereby authorized and directed to sign said four enumerated bonds in the following form and manner: "I, \_\_\_\_\_ Mayor, on whom has devolved the powers and duties of the President of the Board of Trustees of the City of Glendale."

SECTION 2. That said bonds when so signed by the Mayor, and countersigned by the City Clerk of the City of Glendale, and the corporate seal of the city affixed thereto, the coupons thereto attached being signed by said Treasurer by his engraved or lithographed signature, are hereby declared to be the acts, deeds and valid and binding obligations of the City of Glendale, California, and shall be delivered to the City Treasurer and sold according to law.

SECTION 3. The City Clerk shall certify to the passage of this ordinance, and shall cause the same to be published once in The Glendale Evening News, a daily newspaper of general circulation printed, published and circulated in said city, and thereupon and thereafter it shall be in full force and effect.

Passed by the Council of the City of Glendale, California, this 29th day of September, 1921.

SPENCER ROBINSON,  
Mayor, City of Glendale, Calif.  
Attest: J. C. SHERER, City Clerk of the City of Glendale, Calif.

STATE OF CALIFORNIA, COUNTY OF LOS ANGELES, CITY OF GLENDALE—SS.

I, J. C. SHERER, City Clerk of the City of Glendale, do hereby certify that the foregoing Ordinance was passed by the Council of the City of Glendale at their regular meeting held on the 29th day of September, 1921, by the following vote:

Ayes: Davis, Kimlin, Lapham, Robinson, Stephenson.  
Noes: None.  
Absent: None.

# SEPTEMBER BUILDING PERMITS GOES OVER HALF MILLION MARK

**S. Z. Walters Building at Brand and Maple Comes in at Last Minute for \$20,000; List for Month**

SEPTEMBER SMASHED over the half-million mark with \$520,009 in building permits! Had it not been for the S. Z. Walters business block at Maple avenue and Brand boulevard coming in at the last minute in the month, there would have been only \$9 more than the half million, a record amount for September. The Rommel Construction company has the contract for the Walters building and \$20,000 is the cost given in the permit. October is starting with prospects of reaching the highest figure in the city's history.

## DOUBLE PROGRAM OF SCHOOL BOND ISSUE

# VAUDEVILLE FOR GLENDALE BILL

## IS INDORSED BY LOCAL LEGION

Act Direct From Pantages to Be Shown; Comedian Will Offer Entertainment

Unanimous Support Given for Project; Chas. B. Guthrie Tells of Auto Trip

The Glendale Theatre offers one of the biggest and best double programs tonight ever assembled by this theatre.

Headlining the vaudeville is the big Spanish production, "A Night in Argentina," which comes direct to the Glendale Theatre from Pantages New Theatre in Los Angeles. This attraction carries with it the atmosphere of Sunny Spain in its colorful costumes, bright dances and melodious songs, accompanied by beautiful Spanish music. De la Plaza the premier dancer of the company is perhaps one of the most famous of all Spanish dancers. His Argentine tango is one of the big features of the act. The company carries its own Spanish orchestra.

**Entertaining Feature**

Another big feature of the vaudeville is Davy Jamison. If one is to judge from the applause which greets Mr. Jamison wherever he appears, it might be said that he has one of the most entertaining vaudeville acts on the stage. As a comedian, soft shoe and acrobatic dancer he stands at the top. You're going to laugh at him and with him.

Yaconelli, the wizard of the accordion, is also on the program, and if you would hear this instrument played with the genius of an artist, hear Yaconelli.

In fact the entire program of vaudeville will be one of the most entertaining and enjoyable the patrons of this theatre have had the pleasure of attending.

"The Secret of the Hills," the Antonio Moreno feature which will be shown tonight, is adapted from a highly successful novel by William Garrett, the English writer.

## Soda Fountain Is Opened In Chaffee Store, 113 N. Brand

L. W. Marston and E. L. Jordan today opened a modern soda fountain in Chaffee's store No. 30 at 113 North Brand boulevard, where they will serve light lunches at popular prices in addition to beverages and other dainties. Peerless ice-cream, which is being manufactured in Glendale, will be featured by this firm. Both Mr. Jordan and Mr. Marston are well known here, the latter having been employed at the Spolar Drug store since leaving Howe's in Pasadena. Their location is one of the best in Glendale, they believe.

## Five Buicks Sold In One Day, Record by Tanner & Hall

Five Buick cars sold in one day is the record hung up here by Tanner & Hall, Ltd., on Thursday. According to Ray Galvin, salesman, two machines were purchased by the Fox Woodsum Lumber company, a "dolled-up" car went to Mrs. Caldwell of North Kenwood street, Dr. J. E. Eckles got a coupe and Seymour Smith took away a touring car at 6:15 p. m.

## Mrs. M. I. Biggs Opens Life Insurance Office

Mrs. Margaret I. Biggs, representing the Massachusetts Mutual Life Insurance company, opened offices today in Room 6, second floor, of the First National bank building. The many people who made her acquaintance at the Greater Glendale Exposition will be glad to learn that she will be engaged actively in the local field. Mrs. Biggs handled a large clientele of women while working in the Los Angeles office of the company.

## AUTO MEN TO HEAR HEARTY GREETINGS BUSINESS DOCTOR GIVE DIAGNOSIS TO NEW C. OF C. MEMBERSHIP

Glendale Dealers Will Attend Banquet at Pasadena and Receive Trade Hints

State Secretary-Manager Robert W. Martland of the California Automobile Trade association will be the guest of honor at a special general meeting and banquet to be held in Pasadena next Tuesday night at the Hotel Vista del Arroyo.

This meeting will be held under the auspices of the San Gabriel Valley Automobile Trade association, and the bankers, Chamber of Commerce officials, all members of the Merchants' association, together with the members of the local association, have been issued invitations to attend.

Accompanying Mr. Martland will be L. H. Bennett, known throughout the state as the "business doctor." Mr. Bennett, a man of wide and varied experience in the automobile industry, has been secured by the Jobbers' association of California to install in the minds of merchants the necessity for better business methods, accurate accounting systems etc. Illustrating his talk with descriptive charts, Mr. Bennett gets over a well worth while message.

Commenting on the value of the coming meeting to any man engaged in the automobile business, or any of its lines, or in fact, to any business man, Secretary-Manager P. W. Battelle of the local association, said:

"I have heard both Bob Martland and Mr. Bennett talk along these same lines within the last two weeks and wish to state that in my opinion any merchant attending this meeting will be well repaid."

Started Association  
"Everyone either knows or has heard of Bob Martland. He is the man who organized the California Automobile Trade association some seven years ago. Then he was secretary to an organization of seven members. Today he works with 3,600, and new ones are enlisting in the cause of better business daily."

"Seven years ago the average place of business in the automobile industry was conducted in a haphazard way. Some of the places were dirty, and some of the dealers were not fair and square to their customers."

"Today you note a great change. Places are well kept. Service of all kind gladly rendered. Accurate accounting systems installed. Modern equipment and machinery is in use. Dealers everywhere have found that a satisfied customer is their best advertisement."

"The motto of our association is 'Your Protection.' We mean just that. Members guarantee their work and a square deal to customers."

Copied in Other States  
"The idea has been so successful that eighteen states besides California have their associations. In automobile publications, you will often find reference to the California Automobile Trade association and its great work in eliminating so many of the objectionable features in the automobile business."

"Today California stands out as a state with the finest automobile men anywhere, and with the best equipped and cleanest places of business, and the Auto Trade associations have played no small part in helping make and maintain this reputation."

### L. E. Jackson Says He's Flim Flammed

L. E. Jackson of the Pacific Electric Depot news stand reported to the police this morning that he was "flim-flammed" by a stranger who presented a \$10 bill in payment of a 15-cent purchase. Warning is given that short change artists, sneak thieves and pickpockets are flocking to Southern California for the winter.

Interesting Program Follows Dinner Last Night at Methodist Church

(Continued From Page 1)  
the members of the board of directors at the banquet.

"The Chamber of Commerce is distinctly American," exclaimed Toastmaster King at this time. "We will now unfurl the American flag."

Unrolling an eight by ten flag he valiantly planted it in one of the potted ferns upon the rostrum, and called upon those present to salute it.

"To the new members at this time I want to say that you have joined a real live wire organization," stated Mr. King. "The fact that you are here is significant of the fact that you have joined a live organization. Many of you are newcomers here like myself. I have only been here about three months, but before coming I investigated the community very carefully."

"I found a city organization with capable city officials; a strong working body of men and women, calling themselves the Chamber of Commerce; and schools of the best; I found here liberty and freedom of worship and practically every denomination represented; I found the Chamber of Commerce working hand in hand with the city council in making the city of Glendale what we all see it to be."

"We must all reflect that we will get out of Glendale just what we put into it and nothing more and, if we all do our best, the reflection will be a pleasure. I hope you new members are with us heart and soul."

### Plenty of Attractions, Says Robert W. Colburn

Robert W. Colburn, state legislator for San Diego county, who recently moved to Glendale, arose next as the spokesman of the new members. He remarked that he presumed he could begin by addressing those assembled as "friends," because the Chamber of Commerce did not extend membership to those who were not friends of Glendale and therefore his friends.

"The people of Glendale have a thousand and one things to sell tourists," declared Mr. Colburn. "I spent eight weeks in Los Angeles and the towns about trying to decide where to live. I came to the conclusion that of all the cities in Southern California Glendale was the ideal city in which to live and educate children."

"There is just one thing to do: Go into the Chamber of Commerce, stick to it; remember that 'united we stand, divided we fall'; and keep pace with the towns that are striving to take Glendale's supremacy."

### President C. C. Cooper Gives S. L. Roland Award

C. C. Cooper, president of the Chamber, at this part of the program announced the names of the three members who had brought in the largest number of new ones during the drive. With a great deal of pleasure he was able to present the prize of a \$25 savings account at the First Savings bank to S. L. Roland, who secured sixteen new members. Second honors went to Dr. Albert Vack, who brought in half that number, and third place to Mrs. P. A. Pollock, who secured six new members.

Stating that he had no knowledge of the prize when he began soliciting memberships, Mr. Roland said it was not, therefore, the \$25 which had prompted his actions, but the fact that Glendale is his home.

"I believe in Glendale," exclaimed Mr. Roland, "and, if I ever had any doubts about the future of Glendale those doubts have all been swept away. Because I believe in Glendale, I believe in anything which is for Glendale. And because I believe the Chamber of Commerce is for Glendale and will do more to uphold Glendale than any other organization I am for the Chamber of Commerce. My work is not finished with the Chamber of Commerce. It will continue as long as I am a member of the Chamber of Commerce, and I will remain a member of the Chamber of Commerce as long as I am a resident of Glendale."

A solo by Miss Pansy Sheldon was the next number, highly appreciated by the audience.

### City Manager Reeves, In Talk, Promises Co-operation

"The Relation of the Chamber of Commerce to the City Council," was the topic of William H. Reeves, city manager. He began by declaring that the kind of relationship which he hoped to see continue between the two bodies was the sort of relationship he had just had with the chicken dinner.

"My feelings and my relations with the Chamber of Commerce and its officials are cordial and friendly. The secretary has been referred to as a live wire; that statement I can vouch for."

### E. F. Sanders Tells of Great Work Accomplished

After promising he would not make a speech, E. F. Sanders, assistant secretary of the Chamber of Commerce, delivered a spirited oration, in which he thanked the members of the different committees and the newspapers for their assistance in putting the drive over. He said that the securing of the new members was only a small part of the actual good work accomplished and that the real benefit came in getting the whole town interested and talking about the Chamber of Commerce.

"Today five people came into the office unsolicited, stated that they wanted to join, and paid their membership in full," said Mr. Sanders. "That was a result of the talking these committees have done."

"You are honorably discharged," he continued, referring to the committee members.

Those present thought he was ending his speech—but he wasn't. They got the surprise of the evening.

"The Chamber of Commerce is strong for committees," continued the eloquent Mr. Sanders. "Appointing committees is the one of the most important thing it does. Therefore, I want to appoint a new committee. No old member will be allowed on it. We want to test the mettle of these new members."

"The first of November we are going to go into our new building; we want to move in with a member-

ship one thousand strong. You new members are appointed a committee of the whole to get fifty-eight new members!"

"I tell you we are going to do big things here. The Chamber of Commerce has big things before it, and we are going to meet the problems. You have no idea of the magnitude of these problems or how serious they will be unless we are able to meet them with your full support."

The program came to an end with an informal "howdy" social.
